

# 1NTERRUPT

## We Need Defenders!

Organized crime. Nation-state espionage. Cyber terrorism. The systems that protect our critical infrastructure, power our economy, and keep our health and safety secure are under constant cyber attack. And as these systems become more interconnected through the Internet of Things, **our defense depends on people like you.**

1NTERRUPT is a hands-on, cyber security event for students ages 13-22 where you will learn the concepts of cyber security from subject matter experts. You'll, then, put those skills to the test in the Treasure Hunt to find the bad guy and save the world in a technical whodunnit!

- ▶ Network and web cyber security
- ▶ Intro- and advanced-level breakout sessions
- ▶ Expert panels and Q&A
- ▶ Art/design in and with technology
- ▶ Exhibits

When: January 27th, 2018

Where: Mass Academy

85 Prescott St., Worcester, MA

Time: 8:30 AM - 3:00 PM

Cost: \$0 - yes, it's **free** and we'll feed you!

**Students of all levels are welcome.** Just bring your curiosity, and we'll do the rest.
